Sets up Shawn, then panic attack.

I have written about the harassment from Topix. Some of the trolls from there and trolls making comments on his blog mentioned the Fleaks were stealing the money donated for the Christys and before it was understood that was going on. How did said trolls know first? The attacks on FB through created pages, the doxing of my personal information on Topix, the libelous forums created to attack Craig, Karen, Shawn, myself and others were all very coordinated. There was someone on a FB page that said they were going to do anything including report false info etc. to keep the Christys from getting that monetary support. This all seems to be a coordinated harassment program coming from a government contractor and/or government agency(s). Hey Heavy D aka Dakota Meyer, hey USMS what is deal? Why didn't Shawn go to the home of Dakota Meyer who is a government contractor then go to LEOs, to Heavy D? We know you knew it was likely he was in the area, I published info from my IP service or was that you planning the right side driver USPS jeep and Craig Christy informed LEOs? What was that?
